US Coast Guard's Missions

By law, the US Coast Guard has 11 Missions:

- Marine Safety
- Aids to Navigation
- Ports, Waterways, and Coastal Security
- Search and Rescue
- Marine Environmental Protection
- Living Marine Resources
- Other Law Enforcement
- Drug Interdiction
- Defense Readiness
- Migrant Interdiction
- Ice Operations

NAVCEM Mission Statement

The Navigation Center provides services to enhance the safety, security, and efficiency of U.S. waterways, and respond to the needs of civil Global Positioning System (GPS) users. These services include:

- Operating the Nationwide Differential GPS (DGPS) System
- Operating the Long Range Identification and Tracking (LRIT) business helpdesk
- Operating the Nationwide Automatic Identification System (NAIS)
- Publishing Notices to Mariners and the Light List
- Managing the US Aids to Navigation Information Management System
- Managing electronic charting portfolios for U.S. Coast Guard units
- Serving as the primary U.S. government interface with GPS users (except aviation and DOD)
- Receiving and coordinating investigation of GPS outage reports
- Disseminating navigation information through 24/7 operations center and the NAVCEM website

**Homeland
Security**

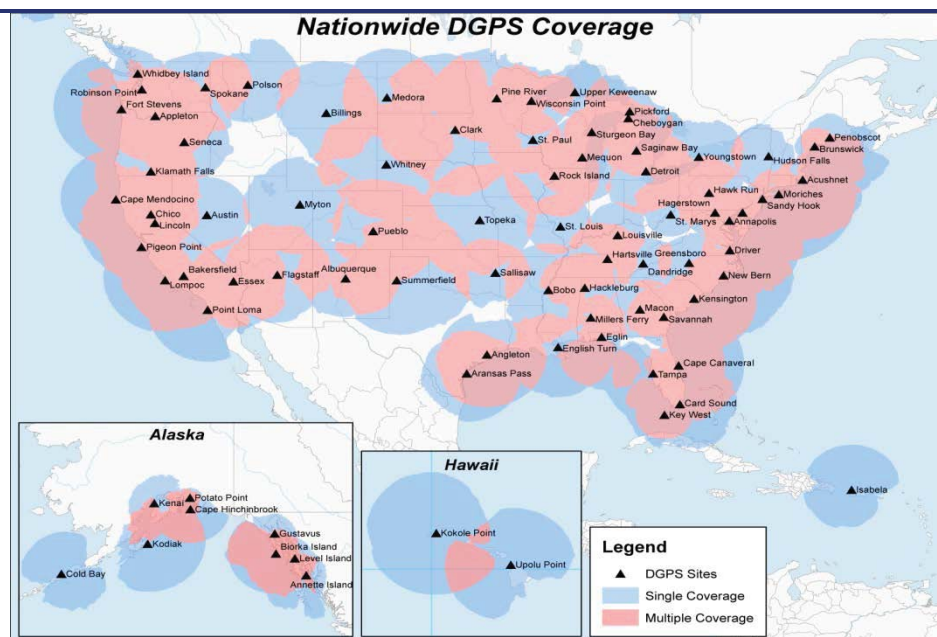

U.S. Department of
Homeland Security
**United States
Coast Guard**

Nationwide Differential GPS (NDGPS)

System Description

- 83 Nationwide Remote Broadcast Sites throughout the United States and territories
 - System in operation since 1996
 - 92% nationwide signal coverage
 - Better than 10 meter accuracy
 - 10 second integrity alarm to the user
 - Satisfies Harbor/Harbor Approach requirements
 - 99.7% availability requirement
 - 99.9% availability requirement for Vessel Traffic Service (VTS)
 - Sites equipped with out-of-tolerance user alerting

Operations

- Redundant equipment at sites
- Redundant control stations at NAVCEN

Stakeholders

- U.S. Army Corps of Engineers (USACE)
- Department of Transportation (DOT)
- National Oceanic & Atmospheric Administration (NOAA):
 - Continuously Operating Reference Stations (CORS) network

Coast Guard**

Long Range Identification & Tracking (LRIT)

<p>System Description</p> <ul style="list-style-type: none">• Assist U.S. flagged ships subject to Safety of Life at Sea (SOLAS) regulation• Uses existing INMARSAT/Iridium equipment• Track U.S. SOLAS ships worldwide• Track inbound vessels on Int'l voyages, or traveling within 1,000 NM of the U.S. that are:<ul style="list-style-type: none">○ Passenger ships, 300+ GT cargo ships, or self-propelled offshore drill unit, not on site○ Available for search and rescue surface picture and maritime domain awareness	
<p>Operations</p> <ul style="list-style-type: none">• Around the clock watch to provide assistance• Conformance testing• Verification of vessel reporting (4x/day)• Currently track 700+ U.S. vessels worldwide• Track over 7,000 vessels within the U.S. border	<p>Stakeholders</p> <ul style="list-style-type: none">• Over 100 countries participate in LRIT• Pole Star (Private Contractor Data Management)• Internally used within the Coast Guard to serve as:<ul style="list-style-type: none">○ Search and Rescue○ Harbor Approach Early Notification

**Homeland
Security**

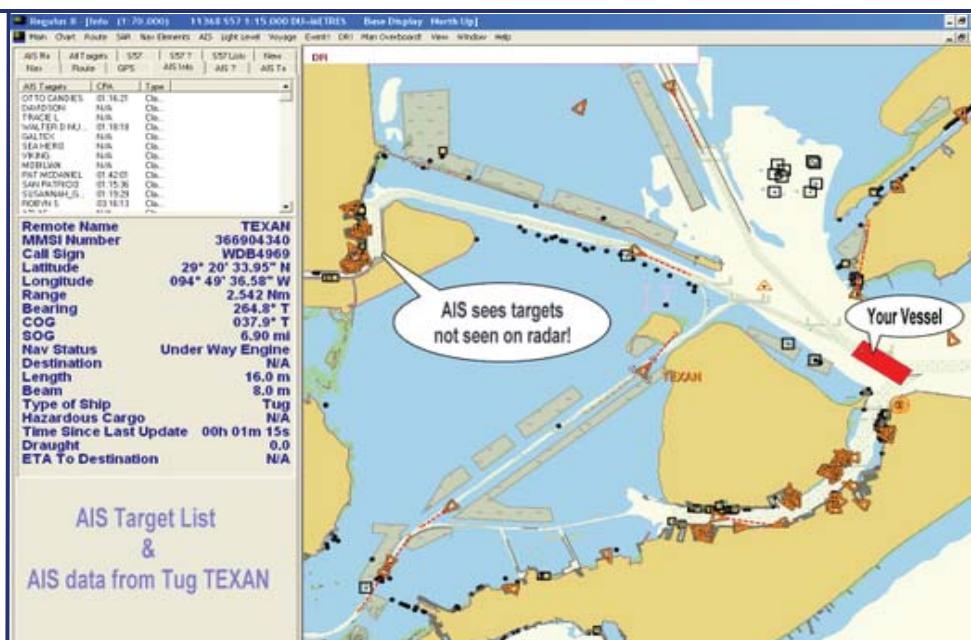

U.S. Department of
Homeland Security
**United States
Coast Guard**

Nationwide Automatic Identification System (NAIS)

System Description

- Track vessels transiting throughout the NAIS areas
- Support coordinated information sharing with U.S. organizations and port partners
- 50 NM receive range, 24 NM transmit range
 - Interim Receive – Operate
 - Permanent Transceive System – Operate
 - Includes VTS AIS Transceiver - Only monitor
 - Marine Exchange Alaska – Only monitor

Operations

- Around the clock monitoring the performance of the NAIS sites
- Remote troubleshooting
- Monitor data connection to users

Stakeholders

- Bidirectional data sharing with Canada in the St. Lawrence Seaway
- Partnerships with U.S. Departments of Defense (DOD), Transportation (DOT), Homeland Security (DHS), and Commerce (DOC)
- U.S. Coast Guard operational units

**Homeland

Local Notice to Mariners (LNM)

<p>System Description</p> <ul style="list-style-type: none"> • A region based method by which the public is informed of changes to aids to navigation • LMSs are a carriage requirement onboard all commercial vessels • NAVCEN website is the single authoritative source for LNM and the chart corrections contained therein, as well as Light Lists 	 <p>The map shows the United States divided into 17 numbered regions. The Pacific Area (red) includes regions 17th, 13th, 11th, and 14th. The Atlantic Area (blue) includes regions 9th, 1st, 5th, 7th, and 8th. The Western Rivers (green) region is located in the central part of the country. The Gulf Coast is also labeled.</p>
<p>Operations</p> <ul style="list-style-type: none"> • U.S. Coast Guard Districts create LNM • LNMs distributed via NAVCEN Website (33 CFR 72.01-5) • Users subscribe to a list server for notification that the NAVCEN website is updated 	<p>Stakeholders</p> <ul style="list-style-type: none"> • Service to all mariners who navigate the waters of the United States • National Oceanic and Atmospheric Administration (NOAA) • National Geospatial-Intelligence Agency (NGA)

Homeland Security
**United States
Coast Guard**

Electronic Tracking (E-Tracking)

System Description

Data Management Processes:

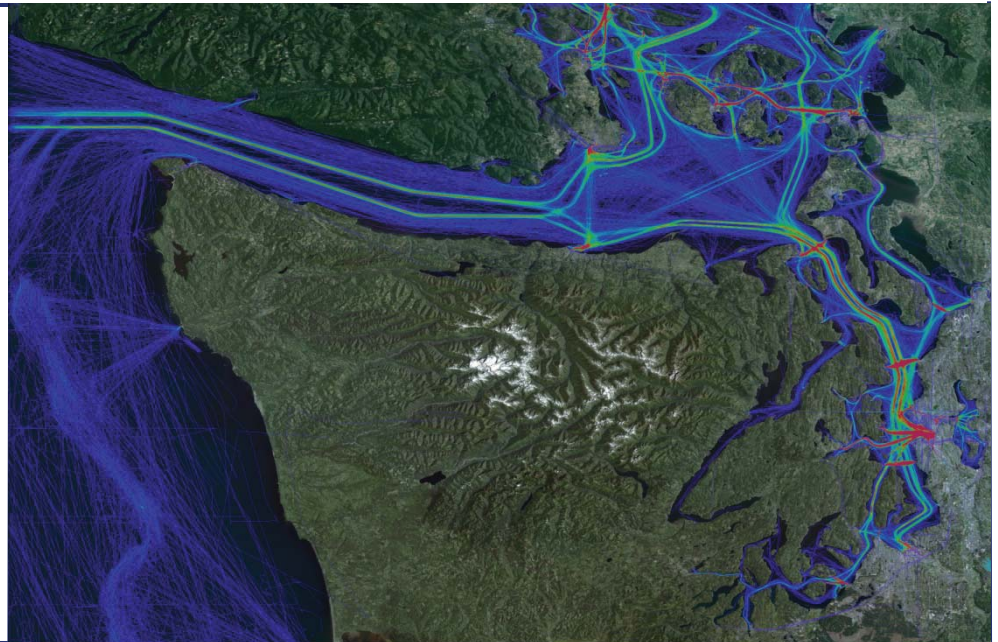

- Commercial AIS error notification
- CG and Port Partner AIS error notification
- NAIS historical and live data request processing

MIOC application support:

- LRIT Business Help Desk (BHD) application administration
- System Operation Center (SOC) tool administration

NAIS infrastructure analysis:

- Monitor and troubleshoot system performance criteria
- Technical liaison to system sponsor and Product Line

Key Outcomes

- NAIS meets functional and operational requirements
- International Maritime Organization (IMO) vessel assistance and notification of AIS infractions
- CG assets meet AIS requirements
- NAIS data product delivered to customers

Stakeholders

- All USCG Program Offices
- OGAs (Internal Revenue Service (IRS), Department of Justice (DOJ), Department of Defense (DOD), Customs and Border Patrol (CBP))
- Civilian Legal Offices, Port Partners, Educational Institutions
- Freedom of Information Act (FOIA)

**Homeland

Navigation Information Service (NIS)

System Description

- Primary interface to disseminate information on GPS, DGPS, AIS, NAIS, LRIT Maritime Safety, Maritime Communications, Maritime Regulations & Local Notice to Mariners
- Over 275,000 hits monthly on the NAVCEN website
- 21,000+ List Server subscribers for GPS status, GPS advisories, and LNMs
- Coordinate Civilian GPS Interference detection and mitigation response
- Civil interface for non-aviation GPS users

Operations

- Around the clock NAVCEN point of contact for maritime and civil GPS users
- Main dissemination point of information for NAVCEN
- GPS testing coordination

Stakeholders

- General Public
- Maritime and public entities include:
 - Maritime users
 - Civil GPS users
 - Other non-Department of Defense (DOD) users

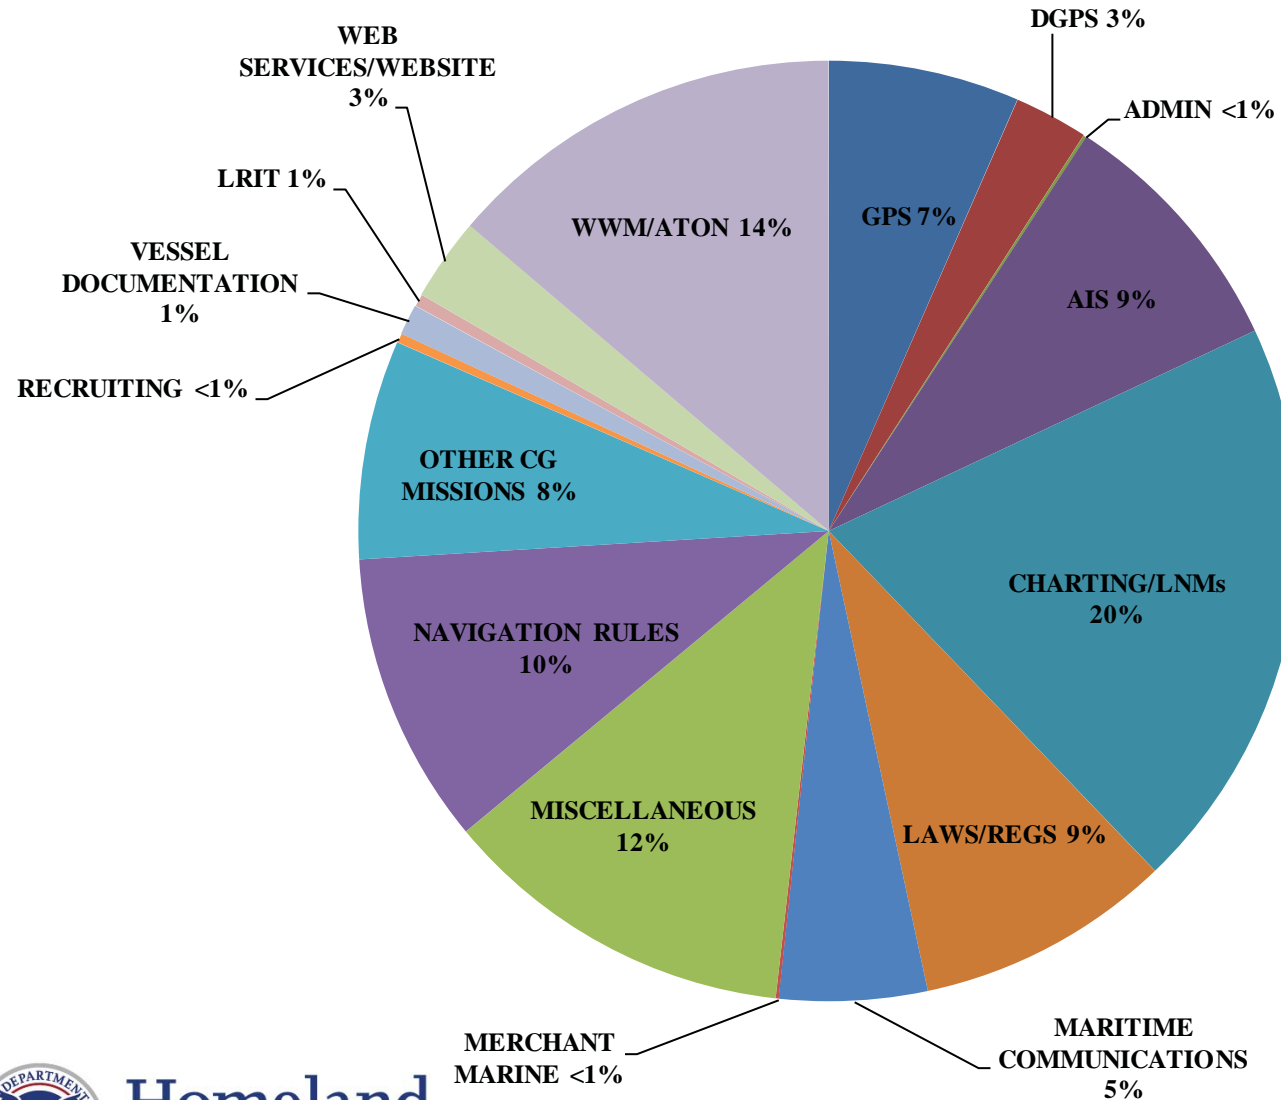

**Homeland
Security**

U.S. Department of
Homeland Security
**United States
Coast Guard**

Navigation Information Service (NIS) Inquiries

**944 Total
Inquiries in

Coast Guard**

Civil GPS Services Interface Committee (CGSIC)

Description

- 1989 – DOT Takes Lead for Civil Users
- 1991 – Civil GPS User Interface Committee (CGSIC):
 - Chair (DOT/Research and Innovative Technology Administration)
 - Deputy Chair (CO NAVCEN)
 - Executive Secretariat (NAVCEN Staff)
 - Liaison for world's Civil GPS Users

CGSIC Plenary Session, Tampa, Florida, 14-15 September 2015

International Sub-committee held in Kyoto, Japan, Nov 2015
 Survey, Mapping & Geo-Sciences held in Portland, OR, Nov 2015

Operations

- CGSIC Provides:
 - Technical information exchange with civil GPS users
 - Identify type of information & distribution methods
 - Identify Issues for resolution by U.S. GPS Authorities
 - Conduct GPS information studies on civil user needs
 - Advocate for civil use of GPS

Stakeholders

Subcommittees

- Survey, Mapping & Geo-Sciences
- Timing
- U.S. States & Local Government
- International Information

Advisors

- Land
- Aviation
- Marine
- GPS Industry Council

News and Notices:

-  RSS Feeds (LNMs, LL Corrections)
- A continuing series of incidents have been reported in the general location of Incheon, Republic of Korea and the surrounding Gyeonggi and Gangwon provinces out to approximately 100 nautical miles beginning on or about 0000Z31March16. For more information, please read the U.S. State Department Notice.
- The current aids to navigation design framework needs to be updated to take into account technology advances that allow for better positioning and increased marine information. Therefore, the Coast Guard will review the national levels of service provided to the mariner by the U.S. Aids to Navigation System (USATONS). To determine the appropriate aids to navigation lay down, we must take a systematic and holistic approach that considers stakeholder input, environmental considerations, channel framework, user capabilities, training and carriage, available technology, and available resources. Please assist us by providing your input to a Seacoast Waterways Analysis Management Survey.
- The final GPS IIF satellite has joined the GPS constellation; the Air Force 50th Space Wing recently accepted satellite control authority of the final Global
